GABRIEL SILVA Interview
Project: *Just Talk With Gabe*

How would you describe the plot of this project?

Just Talk With Gabe is a podcast, distributed on multiple platforms.

What was your fondest memory from working on the project?

I have many fond memories of working on my podcast. I think what stands out in my memory is having the opportunity to interview one of my favorite bands, *Rivals*.

Were there any cool locations or sets that were fun/different/strange?

No, not yet!

Do you recall any particular memories with castmates or crew that were impactful?

I had the opportunity to co-host a few episodes with some old guests of the show. That was fun.

Did the project inspire you to see the world differently? Or did you learn anything new about the production process?

I do see the world differently through the eyes of every guest I have on the show. They all give me something to think about. I definitely learned a lot about the production process on a podcast.

What stands out to you from working on this project?

Everyone has a story to tell.

If you were to produce a sequel or a continuation of this project, what would that be like?

It would be the same. I enjoy the format as it is!

What do you love most about the Entertainment Industry? What do you wish could be better?

I love every aspect about the industry. It teaches you a multitude of life skills that you can actually adapt to any industry or life journey. I don't think, at this point, I would change a thing.
